Drinking Water Week

For more than 40 years the American Water Works Association and its members have celebrated Drinking Water Week - a unique opportunity for both water professionals and the communities they serve to join together in recognizing the vital role water plays in our daily lives.

This year's theme is "Protect the Source". Celebrate by caring for your tap water and protecting it at its source. Did you know the SCV has a diverse water supply? To learn more, click [here](#).
